

SHIFTING THE LIMITS

Wels, February 16th 2016

PROTECTION CLASS FRONIUS ECO 25.0-3-S – 27.0-3-S

Fronius International GmbH

hereby certifies that the following inverters fulfil the requirements of protection class IP 66 according to IEC 60529.

The inverters are approved for outdoor installation:

Inverter Type	Protection class
Fronius Eco 25.0-3-S	IP 66
Fronius Eco 27.0-3-S	IP 66

To avoid an additional thermal load on the inverters via direct sunlight, it is recommended that the Fronius Eco 25.0-3-S – 27.0-3-S be installed in a protected position, e.g. under the solar modules or under a roof overhang. In addition, the information in the operating instructions regarding installation location selection must be followed.
